Lightener Doubles

A Double made against a slam contract. It typically means that partner has a void somewhere and you are supposed to figure out where. It also means "do not lead my suit". In fact, Lightener has more detailed instruction on the lead to a slam deal.

Follows this priority: The partner of the doubler should lead:

1. Dummy's first bid real sidesuit. If dummy didn't bid real side suit, then:
2. Declarer's first bid real sidesuit. If neither of them bid real side suit, then:
3. Your longest side suit.
